IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Pruitt Sand Flat Water has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we are doing (or did) to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During YR2024 we did not monitor or properly test for Lead/Copper and therefore cannot be sure of the quality of your drinking water during that time.

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for these contaminants, how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which the follow-up samples were or will be taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were or will be taken
<i>Lead and copper tap water sampling</i>	20/ annual	20	01/01/2024-6/30/2024	8/29/2024
<i>Lead and Copper entry point sampling</i>				
<i>Water quality parameters</i>				

What is being done?

We are working to correct the problem. For more information, please contact Pruitt Sand Flat WSC at 903-962-3102 or PO Box 310 Grand Saline, Tx 75140.

PSFW failed to take samples in the first half of 2024 and the samples were not taken until the second part of 2024. We test monthly for water quality and during the time frame the water was safe and in compliance with TCEQ and their guidelines.

Please share this information with all other people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
